🔲 PROFILE SUMMARY

Final semester BSC student in CSE, made the DEAN's List for two consecutive years (2018-2019), looking forward to stepping out of the comfort zone for new professional challenges. My educational background endowed me with necessary skillsets to approach a problem from various perspective and get myself industry ready. Currently, I am seeking for a growing and rewarding career in software development or any IT related sector where I can apply my academic knowledge and technological skills.
